Independent Auditors' Report

To the Board of Directors of
Corporation of the Episcopal Diocese of Missouri
d/b/a Diocese of Missouri
St. Louis, Missouri

We have audited the accompanying financial statements of the Corporation of the Episcopal Diocese of Missouri d/b/a Diocese of Missouri (the "Diocese") (a nonprofit organization), which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation of the Episcopal Diocese of Missouri d/b/a Diocese of Missouri as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

A. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization

Organized in 1841, the Diocese of Missouri (“The Diocese”) is a not-for-profit organization, comprised of forty-five Episcopal congregations in the eastern half of Missouri. The Bishop is the president, Chief Executive Officer and ecclesiastical authority of the Diocese. The Episcopal Church in this Diocese acknowledges its allegiance to the Protestant Episcopal Church in the United States of America and submits to the authority of the General Convention. Part of the worldwide Anglican Communion, the Episcopal Church seeks to fulfill Christ’s Mission of redemption through active participation in the world through Christ in the Church.

Financial Statement Presentation

The Diocese reports its information regarding financial position and activities according to three classes of net assets depending upon the existence or nature of any donor-imposed restrictions. The following is a description of these classes of net assets:

Unrestricted – Those resources over which the Diocese has discretionary control. Designated amounts represent those resources that the Diocese has set aside for a particular purpose.

Temporarily Restricted – Those resources subject to donor-imposed restrictions that will be satisfied by actions of the Diocese or the passage of time.

Permanently Restricted – Those resources subject to donor-imposed restrictions that will be maintained permanently by the Diocese. The donors of these resources permit the Diocese to use all or part of the income earned, including capital appreciation, on related investments for unrestricted or temporarily restricted purposes.

Beneficial Interest in Third-Party Trusts

The Diocese is a beneficiary of trusts in which the donors have established trusts and/or fund perpetual trusts administered by trustees. The Diocese has the irrevocable right to receive the income earned on the trust assets in perpetuity. The amount recorded in the Statements of Financial Position represents the estimated fair value of the contributions measured as the present value of the estimated future cash receipts from the trusts’ assets.

Investments

Investments, which include those belonging to the Diocese, as well as those held on behalf of others, are stated at year-end market values. The net realized and unrealized gains or losses on investments have been reflected in the Statements of Activities, except for those realized on custodial assets held on behalf of others (see Note H).

A. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Diocese considers all highly liquid investments purchased with a maturity date of three months or less to be cash equivalents.

Property, Plant and Equipment

Management has recorded the investment in land and buildings and furnishings at estimated historical cost and records office equipment at cost. Major renewals and improvements that exceed the Diocese capitalization policy of \$1,000 are capitalized, while replacements, maintenance, and repairs, which do not materially extend the useful lives of the assets, are expensed. Depreciation is computed on a straight-line basis over the estimated useful lives of the respective assets.

The Diocese has ultimate ownership of all property in the Diocese; therefore if a majority of the members of a congregation choose to leave the Diocese, ownership of the property held by the congregation would revert back to the Diocese and be recorded as property of the Dioceses at its then fair market value.

Reclassifications

Certain amounts in prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Income Taxes

The Diocese qualifies as a not-for-profit religious organization under Internal Revenue Code Section 501(c)(3) and as a non-private foundation under Section 509(a)(3) of the Code and, therefore, is exempt from federal, state, and local income taxes for the years ended December 31, 2014 and 2013.

Subsequent Events

In preparing these financial statements, the Diocese has evaluated events and transactions for potential recognition or disclosure through June 6, 2015, the date the financial statements were available to be issued.

B. **INVESTMENTS**

Investments consist of the following at December 31:

	2014	2013
Beneficial Interest in		
Third-Party Trusts (Note D)	\$28,567,699	\$28,215,817
Marketable Securities (Note C)	23,392,967	20,554,026
Total Investments	\$51,960,666	\$48,769,843

The Beneficial Interest in Third-Party Trusts and Marketable Securities of the Diocese are held at financial institutions and consist of various marketable equity and debt securities. The Diocese follows the distribution policy for each endowment fund as set and governed by the respective trust document and specific purpose of the fund. When the distribution rate is silent in the governing document, the Diocese follows a general policy to calculate the annual distribution by multiplying the average market value over the preceding three-year period by a percentage which is calculated to both preserve the value of the endowment fund and to meet the community outreach purpose of the endowment fund. The percentage is currently 4%. The following schedule summarizes the investment return and its classification in the statements of activities for the years ended:

	December 31, 2014

- b) The difference between the proceeds from the sale of investments and the related market values of those investments at December 31 of the previous year.
- c) The difference between the costs of investments purchased during the year and related market value of those investments at December 31, or between the proceeds from the sale of those investments if sold during the respective year.

Financial assets valued using Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets. Examples of Level 2 inputs include U.S. Treasury securities, corporate and municipal bonds, and mortgage backed securities. Financial assets valued using Level 3 inputs are based primarily on assumptions about the marketability of the assets and can include corporate loans, mortgage loans, distressed debt, and investments in real estate funds. J. **CONCENTRATIONS OF CREDIT AND MARKET RISK**

Financial instruments that potentially subject the Diocese to concentrations of credit and market risk consist principally of cash and investments. The Diocese places substantially all of its cash with major financial institutions whose accounts are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. The Diocese maintains cash deposits in bank accounts which at times may exceed the federally insured limits.

The Diocese has a significant amount of investments subject to market risk. Market risk is the possibility future changes in market price may make a financial instrument less valuable.

K. **RETIREMENT PLANS**

The Diocese has adopted a 403(b) defined contribution plan for its non-clergy employees and a defined benefit church pension fund for its clergy employees. For the non-clergy employees, the Diocese contributes 10% of the participant’s salary to the plan. For the clergy employees, the Diocese contributes 18% of the participant’s salary to the pension fund. During 2014 and 2013, the total amount of retirement expense was \$103,440 and \$104,038, respectively.

K. RETIREMENT PLANS (Continued)

The Diocese participates in the Church Pension Fund (the “Fund”), informally known as the Church Pension Group, which is authorized by the Canons of the Episcopal Church to establish and administer the clergy pension system of the Episcopal Church, including pension, life and health benefits, as well as the lay employee pension system. The Fund has elected to be examined by the New York State Department of Financial Services. The defined benefit plan was fully funded at March 31, 2014 and 2013 and the employer contributions represent less than 5% of the total plan contributions.

L. OPERATING LEASES

The Diocese leases space to hold classes for the Episcopal School for Ministry and leases office equipment under non-cancelable operating leases that expire June 2015 and April 2017. The future minimum lease payments required under these leases are as follows:

<u>Years Ending</u> <u>December 31,</u>	
2015	\$13,803
2016	12,228
2017	<u>4,076</u>
	<u>\$30,107</u>

Total lease expense was \$16,746 and \$13,833 during the years ended December 31, 2014 and 2013, respectively.

M. IN-KIND DONATIONS

The Diocese leases office space at a bargain rate of \$1 per year to a not-for-profit organization under the terms of an operating lease. The term of the lease is March 1, 2007 through December 31, 2015. The fair value of the in-kind donation is \$120,000 per year. The fair value of the donation is included in the financial statements for the years ended December 31, 2014 and 2013.
