

# SAFE CHURCH, SAFE COMMUNITIES

*for volunteers*

What do I have to do before I can work with children, youth, or vulnerable adults?

1

I familiarize myself with the Safe Church page on the Diocesan website

START

2

I ask my leadership about getting a background check

3

I read through my church's and the Diocese's Safe Church policies and notify my leadership when finished

4

I register for Praesidium Academy and login using the steps on the website

7

I notify my leadership when I have finished training and follow up with questions/concerns

5

Using the spreadsheet on the website, I locate the videos I need to watch for my role (my leadership can help me with this)

9

I reread the Safe Church policies yearly and renew my training every three years

8

My leadership tells me when I am qualified to work with children, youth, and vulnerable adults, and I always operate within the Safe Church guidelines and policies

6

I complete any other training or preparation required by my parish or ministry (my leadership can help me with this)
