

THE HUMAN PILGRIMAGE

A conference on being human

September 26-28, 2024

All Souls' Episcopal Church, Oklahoma City

What does it mean to be human?

How do we live fully as creatures created, loved, limited, and liberated by God?

This conference will focus on how to be a human being faithfully, from birth to death, how we live well and take care of one another, and how we can answer the great commission in light of this reality.

The conference will also, we hope, equip any Christian present, including clergy, to address contemporary ethical and pastoral concerns

related to living well in the full integrity of body and soul, from welcoming new life and navigating relationships, to embracing change and dying well.

Speakers (pictured left to right):

- The Rev. Canon Victor Lee Austin
- The Rev. Dr. Amy Peeler
- The Rev. Dr. Katherine Sonderegger
- Dr. Elisabeth Rain Kincaid
- The Rev. Dr. Michael B. Cover.
